

Dear Members,

JUST ONE DAY – THAT’S ALL WE ASK – DO IT NOW – DO IT TODAY!
MAKE YOUR GIFT THE GREATEST GIFT YOU CAN GIVE TO THE LESS FORTUNATE IN OUR COMMUNITY

As you read in the latest issue of NOVANews, the NVDS Leadership recently made the decision to take a one-year hiatus from conducting a 2018 MOM Project to focus all efforts on increasing volunteerism at our two Northern Virginia Dental Clinics, our Society’s primary outreach programs.

This is your opportunity to volunteer JUST ONE DAY to help provide those in need in our Northern Virginia community with more comprehensive services and education than we can offer at a MOM event. While MOM may satisfy emergent needs for some, it does not make a long-term impact – NVDS wants to change that, we want to change it starting now, we want to provide potential MOM patients with a true dental home at our clinics where they will receive far greater benefits.
